| PROG | RAM I - PUBLIC PROTECTION | VARIANCE EXPLAINATION |
| | GENERAL FUND | |
| 026 | District Attorney | Variance is due to timing of revenue receipts compared to prior fiscal year. Variance will be reconciled by year-end. |
| 032 | Emergency Management Division | The Actual as of 12/31/06 is higher, due to early realization of Nuclear Power Preparedness and Emergency Management Performance Grant revenue compared to the 2nd Quarter of FY 2005-06. |
| 047 | Sheriff Court Operations | The Budget as of 12/31/06 based on Prior Year Actuals is lower due to a delay in FY 2004-05 Court Security billings, which was processed in FY 2005-06. Processing of monthly Superior Court billings for FY 2005-06 was also delayed until 3rd Quarter awaiting an agreement to be reached on the MOU. |
| 057 | Probation | Prior year actual revenue basis is understated due to latency in state funding, approval and implementation of Juvenile Probation Camps Funding (approximately \$16 million annually). Revenue recognition is progressing as planned in FY 06-07. |
| 058 | Public Defender | PD Fee collections were slightly above normal for the first two quarters of the fiscal year. |
| 060 | Sheriff-Coroner | The variance calculation presented includes the impact of year-end operating transfers, prior year actual and current year planned (object 7811). The timing and actual realization of these receipts fluctuate each year based upon operations and distort the calculation. If excluded, anticipated revenues would be projected at 36.07% of modified budget (\$130,017,570 vs. \$142,064,545) for a variance of \$1.85 million dollars. These are reasonable realizations for this point in time as revenues such as grant revenues, State reimbursements and contract partner billings are generally received in arrears. Actual revenue at December 31, 2006 is approximately \$6.1 million above the same period last fiscal year due to (1) early collection of Federal grants (\$2.2M), (2) increased Prop 172 receipts (\$3.5M) and (3) other changes, insignificant individually, such as partial prepayment of FY 05-06 SB90 mandated claims by the State, reinstituted STC reimbursement, etc. |

| 12H | Proposition 64 - Consumer Protection | Unanticipated increases in fines and fees revenues. |
| 134 | Orange County Jail | The Revenue Actual as of 12/31/06 is higher than the Budget at 12/31/06 based on Prior Year Actuals due to increased Court Fines revenue, resulting in an increase in Interest Earnings. |
| 13B | Traffic Violator | The Revenue Actual as of 12/31/06 is higher than the Budget at 12/31/06 based on Prior Year Actuals due to an increase in Interest Earnings, as a result of an increased cash balance. |
| 13R | Sheriff-Coroner Replacement & Maintenance | The Revenue Actual as of 12/31/06 is higher than the Budget at 12/31/06 based on Prior Year Actuals due to an increase in Interest Earnings as a result of Operating Transfers totaling \$7.2 million that had occurred during the 3rd Quarter of FY 2005-06. |
| 141 | Sheriff's Substation Fee Program | The Actual as of 12/31/06 is lower due to project deferred to future years. |
| 143 | Jail Commissary | The Revenue Actual as of 12/31/06 is higher due to a revenue increase from sales to inmates as a result of increased inmate population from the Theo Lacy Expansion. |
| 144 | Inmate Welfare | The Budget at 12/31/06 based on Prior Year Actuals is lower due to the FY 2004-05 profit transfer not occurring until the 3rd Quarter of FY 2005-06. |
| 14B | County Public Safety Sales Tax Excess Revenue | Increase in interest revenue due to greater than anticipated cash balance resulting from prior year savings in the Sheriff and District Attorney budgets. The Revenue Actual as of 12/31/06 is higher than the Budget at 12/31/06 based on Prior Year Actuals due to an increase in the cash |

Even though there has been a reduction of revenues, there should be a corresponding reduction in expenditures. |

| 106 | County Tidelands - Newport Bay | Interest and Rents & Concessions higher than anticipated. |
| 108 | Dana Point Tidelands | Due to the Dana Point Harbor revitalization project timing, the Department has postponed the issuance of bonds currently budgeted to pay for the project to a later fiscal year. There is a corresponding cost savings related to the project timing. The Department has submitted a second quarter adjustment request removing the bond proceeds from the current budget. |
| | Building and Safety | In the 4th Quarter of FY05/06, the Board approved three Building Plan Check Consulting firms to provide services to Planning & Development Services during peak workload periods and extended employee absences. This variance is primarily due to retaining these Plan Check consultants, who are working to reduce a current backlog. |
| | Road | Charges for Services revenue from city contracts and from RDMD Agency budgets is lower than anticipated due to deferral of capital projects, interfund billings and road fee reimbursable project revenues are lower than anticipated. |
| | Public Library - Capital | A purchase of the Library headquarters was made this year in which a loan was received from the General Fund for \$3,600,000 which shows up as revenue. Revenue on the other capital projects are realized near the end of the year so there are timing differences between this year and last year. |
| 148 | Foothill Circulation Phasing Plan | Miscellaneous revenue, where the majority of FCPP project reimbursements are budgeted, are lower than initially anticipated. This is the result of project schedules changing and priorities being readjusted. |
| 277 | IWMD - Rate Stabilization | Higher cash balance, interest earnings. Also a smaller transfer in from Fund 299 budgeted/required to meet bond requirements in FY 06/07 |
| 279 | IWMD - Landfill Post-Closure Maintenance | Larger FY 06/07 budget due to Operating Transfer In from Fund 299 that is projected to occur at fiscal year end to match anticipated increases in Object 2490 Landfill Closure Cost. |
| 280 | Airport - Operating Enterprise | Variance is due to timing differences on prepaid airline rents and grant revenues received earlier in the year, compared to year-to-date receipts as of 12/31/05. |
| 286 | Brea-Olinda Landfill Escrow | Increased tonnage revenue due to self haul assumption (see also Fund 299 explanation) |
| 299 | Integrated Waste Management Department Enterprise | Greater than anticipated tonnage being received. Self haul tonnage was not budgeted for. \$19 per ton revenue being received on self haul tonnage. |

| | Capital Projects | The unfavorable variance is due to the Cogeneration at Central Utility Facility project. Bond proceeds of \$33.5M have been received for the Cogeneration project and have been deposited in Fund 835. Due to project timing and the inability to be reimbursed for encumbrances, it is now anticipated that \$15M will be encumbered in FY 06-07 but only \$5M will be reimbursed in FY 06-07. Full construction costs will be recovered from Fund 835, but revenue will be received in FY 07-08 and FY 08-09. |

| | Criminal Justice Facilities - Accumulative Capital Outlay | The favorable variance is due to increased Court fines (\$119K), increased interest (\$68K), and reimbursement received earlier than last year from Sheriff & Integrated Waste Management for Forensic Science building rent (\$393K). This reimbursement was received in 3rd Qtr FY 05-06 (1/06). |
| | orman duction i dominion i recommendati o dupitali o dutay | The favorable variance is due to higher Court fines (\$120K) and interest (\$16K). The higher Revenue budget for 06-07 also attributed to |

| | | The negative variance is due to delayed processing of bi-weekly Journal Vouchers (JV). The JVs for Pay Periods 23 through 26 were not |
| | | processed as scheduled due to a pre-payment rebate issue with Superior Courts. All delinquent JVs were processed during the month of |
| 004 | Miscellaneous | January. |
| | | The variance is partially due to a change in accounting methodology. Revenue associated with staff support for CAPS and AHRS is now |
| | | being cost applied rather than collected as revenue. The remaining variance is due to the Wellness Program. Revenue and appropriation |
| | | funding for the entire fiscal year is included in FY 06-07 budget. The program has not yet been implemented. Negotiations are in progress |
| 056 | Employee Benefits | with a vendor. The revenue shortage is being offset by expenditure savings. |
| | | |
| | NON-GENERAL FUND | |
| | | The positive variance is generated from increased interest revenue due to higher Treasurer yields and a larger cash balance than the prior |
| 145 | Revenue Neutrality | fiscal year. |
| | | Revenue for this ISF is dependent upon the customers' demand for services. Due to a lower demand than budgeted, expenses were lower; |
| 289 | Information Technology Internal Service Fund | therefore, revenues are lower. |
| | | The Revenue and fund balance variance was created due to the conversion of Trust Fund 300, Agency 305 to ISF 290 in Fiscal Year 2005- |
| | | 06. When Fund 290 was established, \$1.6 million was transferred from Trust Fund 300, Agency 305 to the ISF 290. The actuals in FY 06- |
| 290 | Health Maintenance Organization Health Plans ISF | 07 only include the premium revenue. |
| | | The variance is caused by an increase in interest earnings due to a higher cash balance and higher interest rates. Also, there is a timing |
| 293 | Workers' Compensation Internal Service Fund | difference in billings to participants between the two years. |
| 294 | Property and Casualty Risk Internal Service Fund | The variance is due to one-time insurance recoveries and reimbursement from IWMD for a liability settlement. |
| | | In Aug and Sept 05, funding from ISF 295 was used rather than funding from the RMBR (Retiree Medical Benefit Reserve) fund per Board |
| | | direction. In FY 06-07 funding from RMBR is being transferred into ISF 295 and is creating an increase in revenue when compared to the |
| | | trend of last fiscal year. In addition, as part of the Retiree Medical restructuring, the County contribution has increased from 1% to 3.5%. |
| 295 | Retiree Medical Internal Service Fund | The additional 2.5% is now being collected in Fund 295. |
| | | In the 2nd Quarter of FY06/07 the demand for jobs to be sent out has decreased, these jobs bring in 100% revenue. This ISF Fund is |
| 297 | Reprographics Internal Service Fund | reimbursed by charges for services rendered to various Departments and County Agencies. |
| | | The Revenue and fund balance variance was created due to the conversion of Trust Fund 300, Agency 304 to ISF 29Z in Fiscal Year 2005- |
| | | 06. When Fund 29Z was established, \$2.9 million was transferred from Trust Fund 300, Agency 304 to the ISF 29Z. The actuals in FY 06- |
